Automation & Tools: Zapier, n8n, Git & GitHub, VS Code, Excel

Growth & Marketing: Digital Marketing, Ads Management

Core Strengths: Team Leadership, Public Speaking, Script Writing, Event Management, Teaching, Stakeholder Communication

PROJECTS

EventPulse – Full-Stack College Event Management Platform

- Built and deployed a full-stack event management platform (React, Node/Express, Prisma, PostgreSQL/Supabase) with ticket approval, expense tracking, and CSV export.
- Owned end-to-end delivery from schema design to production deployment, resolving infra issues along the way.

Email Summarization & Automation System

- Built an automated system to summarize and categorize emails, reducing manual review
- Used rule-based workflows to cut repetitive effort.

Swathi Bakers – Brand Website

- Designed and built a multi-page brand website (HTML/CSS/JS) with custom animations and WhatsApp-based ordering for a small business client.
- Translated business owner's requirements into a polished, customer-facing product from scratch.

Leadership Experience

- Founder & President Xpress| GIET
- Event Host (10+ Events)
- Event Coordinator (15+ Events)

EDUCATION

B.Tech – CSE (AI & ML)

GIET College | 2024– 2028 | CGPA: 9.4
